NEWTON, Mass. – May 31, 2017 - Allena Pharmaceuticals, Inc., a specialty biopharmaceutical company dedicated to bringing first in class, specific, non-absorbed, oral protein therapeutics to patients with serious renal, urologic, and orphan diseases, announced today that Alexey Margolin, Ph.D., chief executive officer of Allena, will provide a corporate presentation at the Jefferies 2017 Global Healthcare Conference at 10:30 a.m. ET, on Tuesday, June 6, 2017, in the Imperial Room of the Grand Hyatt, New York, NY.

About Allena Pharmaceuticals

Allena Pharmaceuticals, Inc. is a specialty biopharmaceutical company dedicated to bringing first in class, specific, non-absorbed, oral protein therapeutics to patients with serious renal, urologic, and orphan diseases. Allena is completing Phase 2 studies for its lead product candidate, ALLN-177, in patients with hyperoxaluria. The company's technological approach enables the design and development of oral protein therapies that remain in the gastrointestinal (GI) tract, where the protein exerts its therapeutic effect by degrading toxic metabolites, without being absorbed into the bloodstream. Led by a proven management team with deep expertise in protein therapeutic design and development, Allena is committed to bringing breakthrough new treatments to patients with unmet medical needs. Based in Newton, MA, the company is supported by a top-tier investor syndicate including Frazier Healthcare, Third Rock Ventures, Bessemer Venture Partners, HBM Partners, Pharmstandard International S.A., Partner Fund Management, Fidelity Management & Research Company, and other investors.
